

Google Apps Essentials

An application is a software program that's designed to perform a specific function directly for the user or, in some cases, for another software program.

Google Apps is a Web-based and collaborative Software as a Service (SaaS) solution that customizes the proprietary Google platform and brand for businesses of all sizes, including large enterprises. Google Apps facilitates the provisioning of Google applications and user/enterprise management tools, including Gmail, Google Talk, Google Calendar, Google Docs, Google Videos and Google Cloud Connect.

تطبيقات جوجل المجانية أو Google Apps مجموعة من الأدوات و الحلول التعاونية و التشاركية المقدمة من شركة جوجل Google، و التي يمكن الاستفادة منها بشكل كبير من طرف العاملين بميدان التعليم.

تتميز تطبيقات جوجل المجانية بعدة خصائص قلما تجتمع في الحلول التعاونية للشركات الأخرى، مما يجعل العديد من الأنظمة والمؤسسات التعليمية تختار الحلول التعاونية لجوجل في طريقها نحو عالم التقنية.

Productivity apps

Google

Why You Should Use It:

- Google Now (Google's intelligent personal assistant.)
- "Okay Google," hands-free searching (better than Siri).
- Integration with other Google apps.

Gmail

Why You Should Use It:

- Better and faster than native Mail app.
- Connect and check multiple accounts in one app.
- Better and faster search options.
- Links open in Chrome.
- Integrates with other Google apps.

Chrome

Why You Should Use It:

- Sync bookmarks and tabs across devices.
- Voice Search
- Omnibox
- Integration with other Google apps.

Chrome
Remote
Desktop

Why You Should Use It:

- Remotely access and control your computer.
- Set-up all of your computers for remote access.

Google drive app

Google
Drive

Why You Should Use It:

- Access all your files in one place.
- Make any file available offline.
- Now integrates with the new Docs, Sheets & Slides Apps.
- Passcode protect your files.

Google
Docs

Why You Should Use It:

- Create and edit documents.
- Synchronous collaboration
- Download and edit documents offline.
- Edit Microsoft Word files

Google
Sheets

Why You Should Use It:

- Create and edit spreadsheets.
- Synchronous collaboration
- Download and edit spreadsheets offline.
- Edit Microsoft Excel files

Google
Slides

Why You Should Use It:

- Create and edit presentations.
- Synchronous collaboration
- Download and edit presentations offline.
- Edit Microsoft PowerPoint files
- Present directly from your device.

Google
Classroom

Why You Should Use It:

- View classes
- Collaborate with students in real time.
- Open and edit assignments.
- Students can work on assignments on their iPad!

Google Drive is a cloud hosting product from Google that allows users to store up to 15 GB of files and information for free with additional storage available for a fee. This technology was released in 2012, and includes older offerings like Google Docs, which was originally offered in 2007.

جوجل درايف أو Google drive هو برنامج او تطبيق **تخزين سحابي** ومزامنة ملفات مقدمة من قبل شركة جوجل، يكمن دور هذه الخدمة في تخزين ومشاركة الملفات الفردية أو المجلدات بالكامل مع العديد من الأشخاص

Google Meet هو عبارة عن تطبيق (برنامج) خاص بشركة Google صمم لعمل اجتماعات عن بعد او دردشات فيديو (مصممة بشكل رئيسي للاستخدام التجاري والمكتبي)، والتي تتيح لزمرة العمل أو المكلفين بعمل اجتماع لمناقشة المواضيع فيما بينهم والدردشة الحية المباشرة عبر الفيديو والنص .

Google meet is currently made available for free to everyone by Google as a video conferencing platform. Generally, anyone with a Google account can set up an online meeting with up to 100 participants and meet for up to 60 minutes per meeting.

For the time period when google meets has been made available for free, the number of participants has been increased to 250 and free users can host meetings for up to 24 hours per meeting for free.

From computer: You can use any modern web browser to access Google Meet.

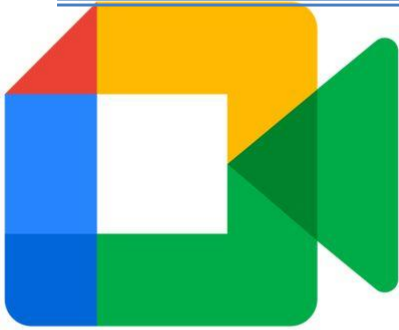

Meet works with the current version of the browsers listed below:

1. Chrome Browser
2. Mozilla Firefox
3. Microsoft Edge
4. Apple Safari

From phone/tablet: Download the Google Meet app from Google Playstore
(Android) or App Store (iOS).

Make sure you are signed in to your Google account before you start using the software.

What are the hardware and network requirements?

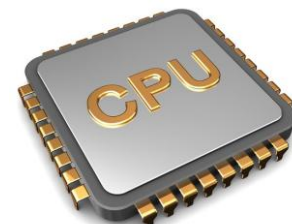

1. A broadband connection to the internet.

2. A built-in web camera or external USB camera.

Note: Other devices, such as virtual cameras, might not work with Meet.

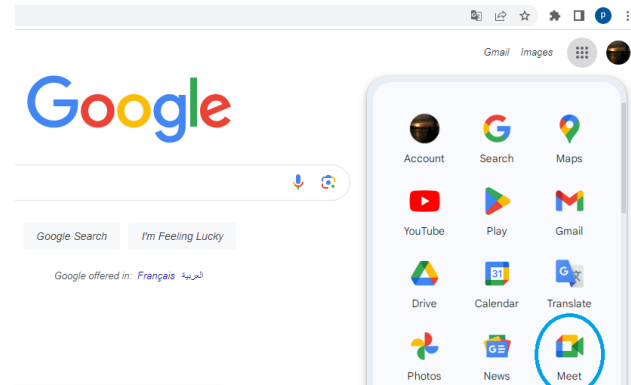

3. 2.2 GHz Intel 2nd-generation i3/i5/i7, AMD equivalent or better, processor to support HD video.

How to schedule a meet instantly? (Using Google Meet)

Open your respective search engine and click on the click on the dotted icon on the top right corner of the page. Click on Google Meet from the dropdown list.

You will be redirected to the Google meet page. Your scheduled meets will appear on the right side of the window. To join a scheduled meet, click on it.

To start a new meeting, click on New meeting.

Premium video meetings.
Now free for everyone.

We re-engineered the service we built for secure business meetings, Google Meet, to make it free and available for all.

How to schedule a meet instantly? (Using Google Meet)

After joining the meet, you can copy the link and share it with the people through email or any other sources. To send the meeting link through mail, you can add people through their email ID by clicking on Add people and entering their email IDs.

The screenshot shows the Google Meet interface during a meeting. On the left, a white sidebar contains the text "Votre réunion est prête" (Your meeting is ready) with a close button. Below this is a blue button "Ajouter des participants" (Add participants). The text "Ou partagez ce lien avec les personnes que vous souhaitez inviter à la réunion" (Or share this link with the people you want to invite to the meeting) is followed by the meeting link "meet.google.com/zqh-jwda-sij" and a copy icon. A lock icon indicates that participants need authorization. At the bottom of the sidebar, it says "Vous participez en tant que khalil25bfs@gmail.com". In the center, a circular profile picture shows a sunset over water. The bottom toolbar includes icons for mute, video, chat, reactions, share, help, and end call. The bottom left shows the time "14:30" and the meeting ID "zqh-jwda-sij".
